Lord & Taylor Through Dec 24 **15% off** *In store only* Note this may be a one-time use coupon they track and may not work. The real way to cheat (this is cheating and I don't condone it) is probably to change the value of "cst" in the URL after you click through. Try changing just a certain single digit, since many numbers won't be valid.

Timberland December 5 - 7 **40% off and free shipping** Online website coupon code: **wishes** In store: *see link*

Staples through 12/12/2003 **\$30 off \$150 purchase** Coupon code: 6876440412427797 *I think this is a one time use coupon...not that I condone it, but for the in-store printable coupon at this link, change a digit or two on the last number on the URL (c=___) and you will get a new coupon code. Might not work at the cashier, though.*
